Graduation/Completion Rates Represent the percentage of entering students for a given year that completed their programs or graduated within 150% of the normal time to complete a program or degree. Six years is considered 150% of the time to complete the four year bachelor's degree. The 150% guideline is established by federal legislation in the 1990 and 1992 Higher Education Amendments.															
* Note: One degree completion student is full-time, which is why the fulltime number is 657 as opposed to 656.															
** Note: Does not include combined students.															
Official as of the 20th day of class.
