

Dependent Student Verification Form

Your FAFSA is selected for review in a process called “Verification”. In this process, we will be comparing information from your application with your **2024** tax information or with income information provided on the W-2 or other financial documents. Federal regulations require our office to verify this information. If there are differences between your application information and your financial documents, we will make corrections electronically.

Each person signing this form certifies that all the information reported on it is complete and accurate. The student and one parent whose information is reported on the FAFSA must sign and date.
